MERRYFAIR®

SEATING EXCELLENCE AT WORK

FORTE

Forte, is the latest ergonomic seating model by Merryfair to provide a proper support during office routine. Use of optimum material and a streamlined back frame design allows your upper back to move freely during tasking. *Forte* complies to EN-1335 standard ensuring a comfortable fit to all sizes of user. The chair features a newly developed Advanced Synchro mechanism that provides an excellent range of movement to support seated working. *Forte* comes in 3 models to address specific seating requirements, allowing your office to share the same style.

High-back mesh swivel chair
with 4-way adjustable PU armrest
Model 969 YK A69 NP

Mid-back mesh swivel chair
with 4-way adjustable PU armrest
Model 968 YK A69 NP

Visitor chair
Model 961 NA A15 B

SPECIFICATIONS

Neckrest

A step-less height adjustable (75mm range) sleek neckrest gives optimal support to the user.

Polyester Mesh

Provides elastic support, yet allowing ventilation for airy comfort.

Backrest

Slim back frame design is made of black polyamide plastic.

Lumbar Pad

Height-adjustable (65mm range) lumbar support range fits comfortably to the curve of your back to provide additional support for your lower back.

Armrest

Come with 4-way armrest adjustable for height, width, depth and swivel angle. Armpad of black moulded polyurethane with steel insert. An optional fixed armrest made of black polypropylene (100% recyclable).

Seat

Seat consists of moulded polyurethane foam on a 2-piece shell structure, injection-moulded in black polypropylene. Seat depth is adjustable for 60mm by sliding seat and controlled by lever. Seat height is adjustable for 100mm by means of a pneumatic gas spring.

Mechanism

A weight-sensing mechanism auto-adjust recline resistance according to user weight. The recline free-range is also adjust from 0°- 20° in 4-steps.

Base

700mm five-prong base of diecast aluminium alloy (100% recyclable) in polished finish. 65mm dual-wheel castors of moulded polyamide (nylon).

Neckrest can be freely adjusted by the user to suit their height.

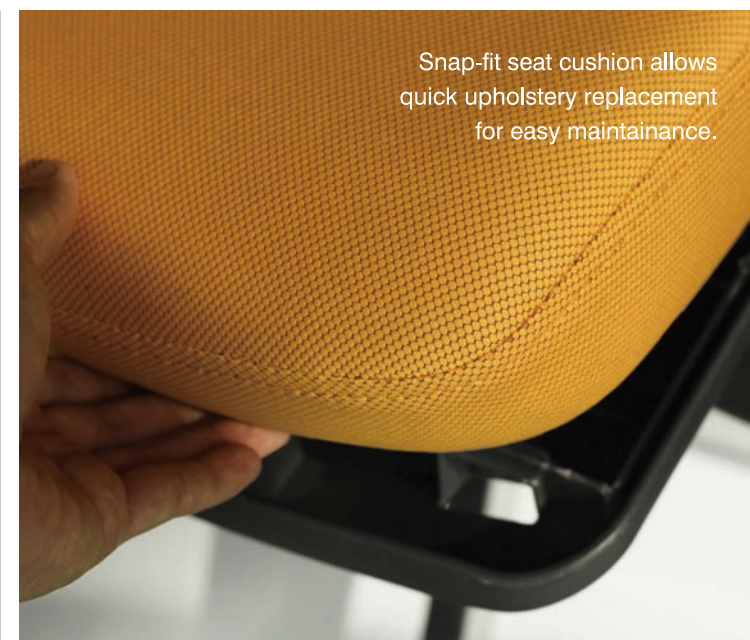

Seat-Depth Adjustment accommodates a greater range of the population with 60mm of horizontal seat pan movement.

A simple lumbar adjustment enables the lumbar pad to quickly fit to individual back shapes.

Snap-fit seat cushion allows quick upholstery replacement for easy maintenance.

Forte is made and designed to conform to relevant international standards. The chair complies with European Standard EN 1335 for ergonomic dimensions, safety and strength. Products also comply with the ANSI/BIFMA-X5 1-2002.

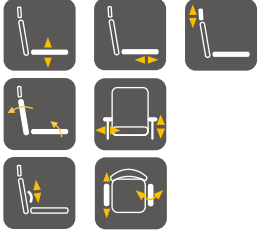

To meet both standard and our environmental targets, **Forte** is designed by optimum material usage. All the parts except the upholstery and foam padding are recyclable at the end of product life cycle.
