KOPI-0

SEATING EXCELLENCE AT WORK

MERRYFAIR®

Kopi-O is designed for general seating applications both indoors and outdoors. It is perfect in casual settings like bistros, cafes, cafeterias and equally suitable for classrooms and seminars.

Kopi-O is available in several versions. The four-leg and sled leg versions are most versatile. This lightweight chair is easily moved about and can be stacked away. A foldaway writing tablet is optional for classroom use. The bookrack, constructed of mesh fabric, is also an useful add-on accessory. Chairs can still be stacked with bookshelf attached.

with bookrack (BR)

48U NA WT1 H

The sled leg is an attractive alternative to the four-leg model, also equally light and stackable.

48B NA A00 Y

48U NA A00 Y

The rear-cantilevered version gives an fascinating impression of a hovering chair. It may not be stackable, but can be easily slotted on top of tables when cafeterias close for cleaning.

48L NA A00 Z

Shell is injection-moulded of polypropylene in 7 popular colour choices. Leg structure is welded mild steel tubing, finished with epoxy powder coating in silver colour. Caps, feet and bushes of the leg structure are of polypropylene in black.

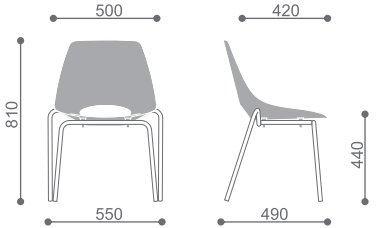

For beam version, the horizontal structure is welded of steel rectangular tubing finished in matt black epoxy powder coat. Legs are finished in silver powder coat. Base feet, in black polypropylene, can be adjusted to level out any uneven floors.

The swivel chair version is equipped with a height adjustable gas spring , a black polypropylene base, and black nylon hooded castors.
